Head Office:Yangluo Industrial Park, Wuhan,Hubei province,China

Branch Office: 253-261 Hennessy Road Wanchai, Hongkong, China

Introduction

的

Situated in Yangluo Industrial Park, Wuhan, JH CARBON was established in 2014, with a branch in Hong Kong to facilitate international trade. The founder of JH CARBON is an engineer, who has been engaged in the production of carbon anodes since 1993.

Having built a close relationship with electrolytic aluminum and coking plants, the company has enjoyeddirect sources of carbon anode butts from different countries, such as Oman, Malaysia, Bahrain and more.

JH CARBON specializes in the production and sales of carbon, coke, coal and graphite products, including carbon anode, carbon anode scrap, carbon paste electrode, foundry coke, metallurgical coke, calcined petroleum coke, calcined anthracite coal, coke breeze, graphitized petroleum coke, etc.

The products are widely used in electrolytic aluminum, iron and steel smelting, foundry, waste metal smelting, backfill for cathodic protection, friction materials, etc.

With years of development, JH CARBON has gained a high reputation for its rich experience and professional service in the carbon industry. It looks forward to seeking more cooperation with customers at home and abroad.

Regarding the legitimacy of our company, we are an active running company with (company registration number 91420112330366376 J) Incorporated on 23

2

October, 2014 registered under the government in China.
